

NewEn Projects GmbH

Independent energy solutions

NewEn Projects GmbH, with its headquarters in Bremen. As active, independent planning company in Germany in the field of renewable energies, NewEn Projects combines know-how along the entire value chain in the areas of wind and solar energy, photovoltaic, geothermal and biomass and energy efficient building.

As a provider of self-sufficient energy and energy-optimized solutions for municipalities, businesses and investors, NewEn Projects, for example, accompanies communities in all project phases and supports them in choosing the right energy and beyond. NewEn Projects is a subsidiary of the DS Group in Bremen.
